

TAP OR SWIPE

Control speed, suction power and rotation direction with a simple tap or swipe

DURABLE AND MAINTENANCE-FREE

The EC motors in the handpiece and suction unit deliver absolute reliability. They are powerful, efficient and brushless.

QUICK AND EASY TO CHANGE

The 330 ml dust bag allows for long working intervals and is quick and easy to replace.

FAST AND EFFICIENT

The automatic clamping system in the handpiece saves time when changing rotating instruments and streamlines your workflow.

FLEXIBILITY ON THE GO

The Phoenix V-Tech foot care device is perfectly matched to the GEHWOL TECH mobile foot care case, making it ideal for mobile foot care too.

GEHWOL TECH PHOENIX V-TECH FOOT CARE DEVICE

- Quiet operation (58 dB(A)) with powerful all-round suction (240 l/min)
- Consistent performance for precise work across the entire speed range
- Ergonomic, low-vibration handpiece for maximum working comfort

PHOENIX V-TECH

**WE DON'T MEASURE TECHNICAL PROGRESS BY THE SPECS,
BUT BY THE BENEFITS IT BRINGS YOU.**

That's why we developed the Phoenix V-TECH foot care device so you can focus entirely on your work.

It delivers powerful performance while running so quietly you'll barely hear it. The controls are completely intuitive, with only a few settings needed. Simply tap the glass front or swipe your finger across it. The ergonomic handpiece with automatic bur clamping feels secure in the hand. It is lightweight, low-vibration and easy to dismantle and clean.

All components have one thing in common: They are all designed for reliability and durability. And if you ever do need help, support is quick and straightforward.

SIMPLE TO USE

SIMPLE TO GET THE SUPPORT YOU NEED

SIMPLY KNOWING EVERYTHING JUST WORKS

LESS COMPLEXITY, MORE FOCUS

Intuitive operation with no menus or unnecessary features.
Tap the glass front or swipe your finger across it.

EVERY DETAIL CONSIDERED

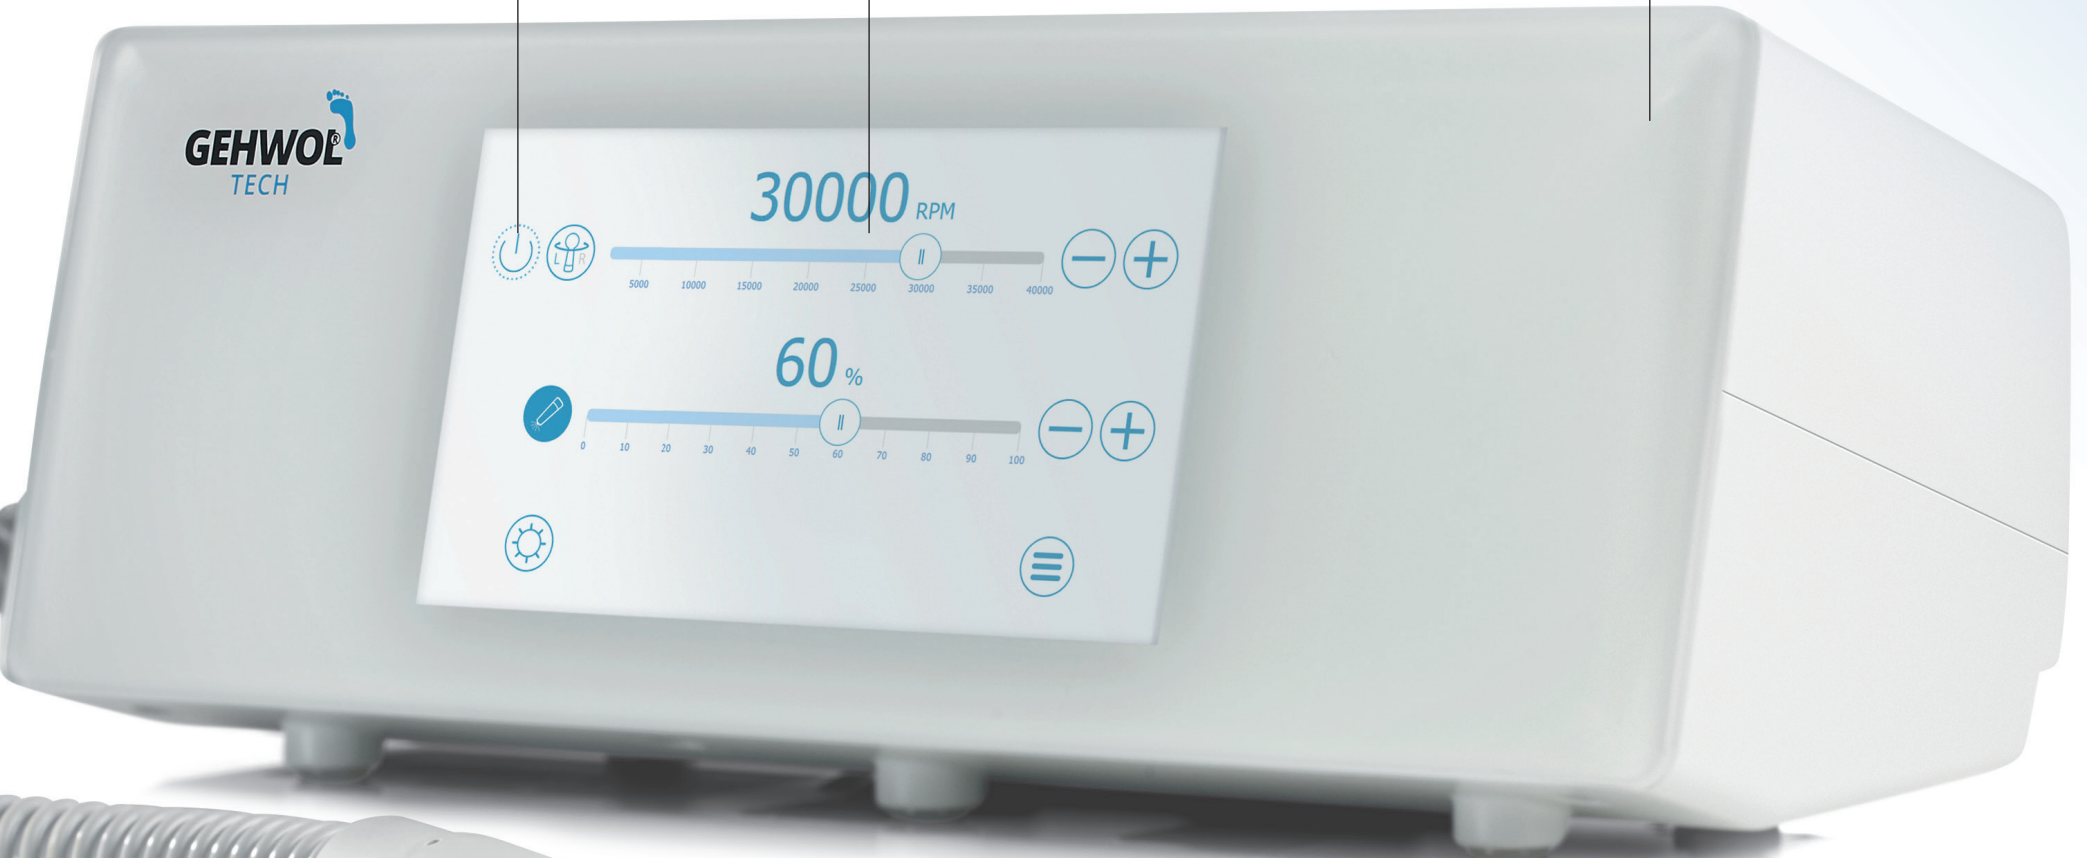

The screen lock makes cleaning easier and prevents accidental inputs.

PEACE AND QUIET

The device runs at a pleasantly low noise level.
This creates a relaxed working atmosphere and helps you concentrate.

MAXIMUM FREEDOM OF MOVEMENT

The suction hose is lightweight and exceptionally flexible and gives you a generous working radius.

WORK COMFORTABLY FOR LONGER

The handpiece is ergonomic, lightweight and low-vibration. It feels comfortable in the hand and allows you to work with precision, even on long treatment days.

A CLEANER WAY TO WORK

The powerful, highly efficient suction makes treatment more pleasant thanks to cleaner air and better hygiene in everyday practice.

WATCH THE TUTORIAL

We show you step by step how to dismantle the handpiece yourself and clean it.
